2019 Scholarship Awardees

Name: Jana Suriano
Education Status: Senior at UW-Stevens Point
Major: Soil & Waste Resources - Waste Management option; Soil Science minor
Related Accomplishments: Previously Secretary, now Vice President of UWSP Waste Management Society; Soil & Water Conservation Society member; AROW Emerging Leader’s member; SWANA YP; Dean’s List and High Honors; SWANA Badger Chapter and Federation of Environmental Technologists (FET) Scholarship recipient.

Personal Note: I am an enthusiastic young member of SWANA and AROW and have found these organizations inspiring and educational, enhancing my studies in waste management. An internship with Marathon County Solid Waste this past summer allowed me to shadow decision-making and outreach efforts at the state and local level. I am passionate about resource stewardship and recycling, and am excited to keep learning in my career after I graduate.

Name: Ellie Haviland
Education Status: Senior at Carthage College
Major: Environmental Sciences
Related Accomplishments: Co-president for the Office of Sustainability. Selected research intern for an Iceland expedition over summer 2019.

Personal Note: I have a passion for learning about sustainable business. I currently make Beeswax wraps at home and give them to people to use on campus. I believe in change through action.

Name: Kristy Crivello
Education Status: Senior, UW-Madison
Major: Geological Engineering, Geoscience, and French
Related Accomplishments: Engineering Intern with the Dane County Department of Waste and Renewables. Awardee of UW Department of Geoscience, UW Department of French, and UW Department of Geological Engineering scholarships for educational achievement.

Personal Note: Upon graduating in the Spring, I plan on pursuing a career in an area of my interest within the field of geological engineering: renewables, geotechnical, environmental, or water resources engineering. I look forward to applying my talents to improve the state of the natural environment.
